## Cutting-Edge Solutions to Help Promote Schools Safety

### AN END-TO-END APPROACH TO SECURITY SYSTEM DESIGN

Site Assessment/Survey

Equipment Selection, featuring  
Scalable and Interoperable  
Components

Professional Installation

Complete System Testing/Verification

Operations and Maintenance Training  
for your Team

Our security and life safety experts offer a range of systems tailored to the unique needs of educational facilities and school districts. We work diligently within each school's safety plan to meet their specific building and budget needs, while prioritizing the safety of students, teachers, staff, and visitors.

### Cutting-Edge Solutions to Protect Schools

Our experienced team provides a range of cutting-edge security and life safety solutions for schools and other educational facilities.

#### Our expertise includes:

- > Access control systems
- > Exterior door controls
- > Security cameras
- > Parking lot video surveillance
- > Interior video cameras with AI
- > Intercom and mass notification systems
- > Electrified door hardware, including ADA door openers
- > Intrusion systems
- > 24/7 monitoring
- > Noise and vape detection
- > Network infrastructure cabling
- > Cloud- and appliance-based systems
- > Writing assistance for Department of Homeland Security Grants and Threat Assessment and Vulnerability Reports

### Protecting Our Most Valuable Assets

We utilize sophisticated security equipment and software capable of meeting a number of challenges faced by today's K-12 educational institutions.

### Our systems can help schools:

- > Stop and vet unauthorized people from entering
- > Receive instant notification when a door is forced or propped open
- > Integrate license plate readers with a database that includes:
  - Suspended students and staff
  - Local sex offender list
  - Parent custody information
- > Detect brandished weapons
- > Search for lost children in bus and traffic lanes
- > Track people inside the building quickly with analytics
- > Detect and monitor for:
  - Bullying
  - Vandalism and destruction of property
  - Vaping or smoking
